RIGHT USE OF POWER™ TEACHER TRAINING

This extended program of 33 hours in addition to the 12 hours of the Core Training. Through multiple formats—whole group, 4-6 person cohorts, individual mentorship, and rich written and pre-packaged resources, you will be confident and well-prepared to integrate and present your own Right Use of Power™ programs to communities of your choice.

You don't need to be a teacher already, but you do need to desire to network or teach RUP principles and practices. In the Teacher Training we will cover: advanced topics, leadership styles, how to use available resources, designing, teaching and evaluating skills, practice in teaching RUP both in-person and online, group management, feedback, working as a teaching team, adapting programs for specialized groups, and marketing. Materials include two RUP books, a 350-page manual with scripts and handouts, and access to a Guild Members-only internet platform up-dated frequently.
